THE CLEARFIELD PROGRESS, CLEARFIELD, PA., MONDAY EVENING, SEPTEMBER 27, 1920

NUMBER 48

DRY GOODS AND PRODUCE ON PRICE TOBOGGAN IN AT LEAST TWO CITIES

COLUMBUS, O., Sept. 27.—Columbus today began to feel the effect of the downward prices. Dry goods and building materials were the first to hit the tobooggan. The wholesale price of gingham dropped approximately 25 per cent. Manufacturers who had a large supply of gingham suffered a considerable loss. Percales and madras dropped 15 to 20 per cent in the wholesale price during the past week.

ROCHESTER, N. Y., Sept. 27.—Produce prices were slashed here today and further reductions were expected. The warm weather of the past week has ripened the fruit so rapidly that the supply is greater than the demand. Peaches have dropped to \$1 a bushel, apples have dropped below \$1 for a hundred pounds. Farmers are offered 75 cents a bushel for potatoes. Other vegetables have dropped materially in price.

PANIC OF DEPOSITORS EMBARRASSES ANOTHER BANKING HOUSE AT BOSTON

BOSTON, Sept. 27.—The Tremont Trust Company today invoked the 90 day clause of the banking laws for depositors to give that much before withdrawing their savings following a run on the bank Saturday in which police were called to restore order. Officials of the Trust Company said the company would receive deposits as usual. Simon Twigg, Vice President, addressed a crowd in front of the building saying the trust company is well able to pay the deposits but urged them to cease withdrawing.

GRODNO FALLS TO REDS: FORTRESS WAS CONCEDED IN ARMISTICE TERMS

WARSAW, Sept. 27.—Grodno, the fortress city on the River Nieman, has been captured by the Bolshevik army it was announced officially today. This places the Polish forces on the Polish front on a line proposed by the peace armistice. The Reds were still battling fiercely in the vicinity of Grodno, according to latest advices received.

ZIMMERMAN, CHASE AND MAGEE LOST JOBS BY GAMBLING SAYS HEYDLER

CHICAGO, Sept. 27.—Crookedness in national base ball games have been eliminated in general, John Heydler will testify before the Grand Jury investigating base ball gambling. "Heinie Zimmerman, Hal Chase and Lee Magee were thrown out of the National League because of gambling," said Heydler. Although it had been generally known that Zimmerman, Chase and Magee were thrown out because of their alleged gambling this was the first official announcement of that fact. He said the New York Giants deserved great credit for their swift and decisive action taken in the case of Chase and Zimmerman.

THREE THOUSAND ALTOONANS PULL HARDING OUT OF BED FOR A SPEECH

En Route with Senator Harding, Harrisburg.—Today 3,000 people at Altoona got Senator Harding out of bed for a speech at seven o'clock. Asleep when the train reached Altoona, he was aroused by the cheering of the crowd in front of his car. He pulled on his trousers, tied a handkerchief around his neck, slipped on a coat and went out on the rear platform. He told the crowd, mostly railroaders, that the "sch—Cummins bill was "the best piece of legislation for the American railroad workers ever put."

Arriving at Harrisburg, Senator Harding left his train and walked down town visiting the capitol. On the way back to the station he stopped at the Penn-Harris Hotel where the State Chamber of Commerce is in session. The men were completely taken by surprise and Harding was allowed 2 minutes in which he made a brief speech. The Senator was met with a warm reception in the capitol. More than 300 state employees formed in line and shook hands with the Senator.

REIGN OF TERROR IN TRENT.

DUBLIN, Sept. 27.—40 buildings were burned in police reprisals today in the town of Trent, 25 miles from Dublin. Residents of the town fled from it in panic.

DENIES FORMATION OF STEEL COMBINE.

NEW YORK, Sept. 27.—No international steel combine is to be attempted by the United States Steel Corporation, Vice President Joseph Steel stated today. He denied reports that the company had organized a foreign subsidiary to be known as the Amstead Company which is reported to have sold 75,000 ship plates to Germany.

FIRST WORLD SERIES

CAMP OCTOBER 5th

CHICAGO, Sept. 27.—The first game of the world series will be played at the world's first city winning the American League pennant, either Chicago or Cleveland, the national base ball commission announced today. Three games will be played in the American League city and four games will be played in the National League city. The series will be played in the American League city and the National League city.

Nearly eight hundred of the Clearfield women who enrolled to vote this Fall are going to be denied their vote unless they make haste to pay their tax of fifty-three cents.

This last day to pay this tax and get in line to vote is this coming Friday and up to this morning Tax Collector Taylor announces that only a few more than four hundred women have paid the tax although they are coming in fast today.

Do not be among the slackers. Go to the tax collector tomorrow sure. His office is in the Trust Company building. Women of Lawrence Township can pay at the Clearfield Trust Company.

HARDING-COOLIDGE CLUB WILL HOLD AN IMPORTANT MEETING TONIGHT

A meeting of the Harding-Coolidge club is called for this evening at eight o'clock at the club rooms and it is urgently requested that every member be in attendance as there are some reports to be heard and some very urgent business to be attended to. The work outlined at the last meeting has occupied the major portion of the time of the executive officer so that the public speaking program will not be in readiness for this evening and as the fair is going to take a great deal of all our time this week the speaking program will not be started before Friday evening of this week and probably not until next week. The club room is open from nine o'clock in the morning until at

least nine o'clock in the evening every day and during the fair everybody is invited to make the club their headquarters. Meet me at the Harding club will be a good idea so if you want to make a date with anybody for any certain time just say "meet me at the Harding club."

A most interesting report on the activities of the women admirers of the Harding candidacy is to be made this evening. There will also be a full report on the recommendations made at the last meeting.

Don't forget the time—eight o'clock—at the Harding Club. If you haven't been around yet—come in and look it over—it won't cost a cent.

C. H. S. FOOTBALL TEAM DEVELOPING PLENTY OF REAL PEP

Signals! X-formation, 29-12-133—watch 'em tear, for Clearfield High's "Grid" squad is once more burning up the turf on the public school athletic field.

Two weeks ago the response to the call of Athletic Director Staff and Coach Heisey for football material was encouraging, as more than ninety men signed up and reported for uniforms and by the middle of the week the squad was being drilled and instructed on the fine points and rudimentary tactics of the "pikskin" game. The varsity lineup looks good; with 9 letter men back from last year's team and several new men in line for positions, giving the trainers ample material from which to select a winning eleven.

The following veterans from last year's team are out for first team posts: Capt. Kurtz, N. Norris, C. Bird, C. Mann, R. Nelson, Stephenson, B. Norris, D. Bowes and Rex Ammerman, and in addition to these men, Wayne Johnson, C. Torrence and Jimmy Mandola all ex-service men, formerly candidates for C. H. S. teams and numerous other players who are rapidly rounding into varsity "stuff," should make the letter men hustle to retain their respective positions.

Coch Heisey who tutored last year's team is doing good work. Athletic Director Staff is moulding the men into real players, as he instructs the candidates individually, and is instilling a fighting spirit that has always been characteristic of the C. H. S. grid teams.

The teams have been drilled in signal practice and several stiff scrimmages have been held and from the manner in which the men play their positions it is evident that C. H. S. will turn out a team of championship calibre and when the red and black warriors line up for their initial game with Kane High school they should present one of the most formidable teams that ever represented Clearfield High.

STOCK PRICES

NEW YORK, Sept. 27.—Prices on the stock exchange today were: American Locomotive 93, Baldwin Locomotive 108½, Bethlehem Steel B. 71½, Bethlehem Steel A. 105, Crucible Steel 127½, General Electric 141½, Midvale 37½, Penna. 42, Republic Iron and Steel 77, Preferred 94, Westinghouse Electric 47½.

Baldwin and most of the steels made new lows for the day in the last half hour. United States Rubber was forced down 7 points. Mexican Petroleum made a gain of three but subsequent lost one half of that. United States stores lead with sales above 71. St. Louis and South Western made a new high for the year at 40.

Mrs. C. E. Carlson of Portland, Me., is visiting her sister in law Mrs. Orvis Guelich on Turnpike avenue.

JOSEPH O. CLARK IS NAMED FOR STATE SENATOR

PUNXSUTAWNEY, Sept. 26.—Jos. O. Clark, of Glen Campbell, Indiana county, was Saturday afternoon named as the successor to the late Wilbur P. Graff, of Blairsville. Republican nominee for the State Senate in the Thirty-Seventh District.

Mr. Clark, one of the most prominent of the Indiana county Republicans, is a coal operator, lumber dealer and a man of varied interests and wide knowledge. His choice is believed to prove a popular one with the Republicans of both Indiana and Jefferson counties, which comprise the Thirty-seventh Senatorial District. The Indiana County Republican Committee named four conferees and the Jefferson County Republican Committee a similar number. They met here today at the designation of State Chairman Crow to name Mr. Graff's successor. It is generally understood that Louis Colin, of Punxsutawney, who was defeated by Mr. Graff for the Republican nomination last spring will be a candidate for the Senate on an independent ticket.

HEINZY, MADERA SLAYER, ON TRIAL THIS MORNING

Harry Heinzy, the Madera blacksmith, who stabbed Alec Wash to death in an altercation in the back yard at the Wash house in July last, was placed on trial for his life before Judge Bell this morning. Heinzy is being prosecuted by District Attorney Arnold, while his defense is being looked after by Walter Welch, and Miller & Hartwick, Esqs.

The defendant was arraigned by the District Attorney shortly after court called this morning and entered the usual plea of not guilty. The work of securing a jury was then begun and when time for the noon recess had arrived three of the necessary twelve men had been accepted and sworn.

The jurors thus far selected are: C. F. Grape, farmer, Brady Twp. Elmer Shaw, blacksmith, Clearfield Earl Kline, miner, Woodward twp.

DEMOCRATS WILL ORGANIZE CLUB

The Democrats of Clearfield and vicinity will organize a Cox and Roosevelt Club at a meeting to be held in the Arbitration Room of the Court House tonight at 8 o'clock. Able local speakers will address the gathering and all Democrats are expected to be present.

Raymond A. Halford left this morning for Pittsburgh where he is enrolled as a student in the University of Pittsburgh.

CLEARFIELD PAYS LAST RESPECTS TO JIMMY YOUNG

The funeral of the late Private James Young, who died in a French hospital in 1918, was held from the Court House yesterday afternoon. Private Young's remains arrived in Clearfield Saturday evening on the 6:45 Pennsylvania train. They were accompanied by a guard of two regular army soldiers.

The guard of honor from John Shade Post of the American Legion, under the command of Lt. Harry Fred Bigler, met the train and escorted the remains to the Court room, where the remains were allowed to lay in state until 3 o'clock Sunday afternoon, the hour fixed for the funeral services.

Rev. C. C. Snavely conducted the services and an assemblage which taxed the capacity of the room to its utmost, while several hundred more people were turned away. Rev. Snavely preached an eloquent sermon, in which he extolled the manifold virtues of the deceased, who had been a member of his congregation and a close friend of the pastor.

The funeral was conducted according to full military regulations and was in charge of Funeral Director R. W. Thompson. Interment was made in the family plot in Hillcrest cemetery.

THINKS DRIVER OF CAR RESPONSIBLE FOR GIRL'S DEATH

LETTER TO THE EDITOR

Grampian, Pa., Sept. 27th 1920
Editor Progress
Clearfield, Pa.
Gentlemen:

Referring to the accident in Grampian September 21st, that resulted in the instant death of Beatrice Eleanor Haley four years old, caused by being run down on the curb of the crossing at Third street, Grampian, Pa. I wish to correct the report given by correspondent in your paper that may have led people to think the child was responsible.

The fact of the case from an eyewitness is that a car driven by a load of drunks at a speed of about 35 miles an hour had just gone over the crossing toward DuBois, Pa. The little girl waited until this car had gone by—she then started across to the opposite side of the street and had almost reached the curb on the opposite side when a large Studebaker car driven by W. H. More of Sharon, Pa., came along and struck the child four or five feet from the curb.

The only excuse the driver could give was that he was not looking at the road ahead of him, that his attention was drawn to the drunks or some of the neighbors. He had at least forty feet on the side of the child to pass and not a soul on the crossing. He was clear off the drive way when he struck the child. A. C. Moore, sitting on his porch directly in front of the accident could see the little girl going across the street quite plainly and it was a case of pure manslaughter that can be proven. Your correspondent has been misinformed in this case as the child was in no way to blame for the accident and W. H. Moore was negligent in not looking ahead where he was driving his car.

Yours truly,
J. S. FLEMING

LIEUT. SNAVELY'S LECTURE WELL WORTH HEARING

A well filled church greeted Lieut. Earl R. Snavely at the West Side M. E. church last evening to hear his lecture on Bolshevism as he saw it during his stay in Russia.

The causes leading up to the present chaotic conditions that exist in the land of the Russky were clearly defined. Word pictures of the conditions were cleverly drawn and the lecture ended with an earnest plea to Americans to look upon Russia as a child beginning to see the light and for every American to lend a helping hand in the Russian search for the things that we have come to think of as being in the matter of course.

Mr. and Mrs. Frank Walker and family motored to Clarion yesterday. They were accompanied home by Miss Anna Mae Sloan who will visit there for a couple weeks.

Vic Ericson, of Houtzdale, spent today with friends in town.

HARDING COMES OUT FOUR-SQUARE ON 18TH AMENDMENT: COX SILENT

Senator Harding, in a telegram under date of September 22, unequivocally took his position for the Eighteenth amendment establishing prohibition and for the Volstead act to enforce it.

Senator Harding voted for the amendment and for the Volstead law. His reaffirmation of his position came in response to a telegram sent to him by representatives of 23 organizations which met last week in Washington. The exchange of messages between the committee and the candidate was as follows:

September 22, 1920
Senator Warren G. Harding
Marion, Ohio

"The undersigned committee are appointed by the national legislative conference, in session at Washington this week, composed of twenty-three national temperance and prohibition organizations representing many voters to ask you respectfully the following questions and to report your reply, namely: Do you stand by your record as indicated by your vote on the eighteenth amendment and on the Volstead act for its enforcement. Kindly wire your reply to the chairman, care of the Raleigh hotel, Washington, D. C., Howard H. Russell, Anna A. Gordon, Clinton H. Howard. Senator Harding's reply was as follows:

September 22, 1920
Howard H. Russell,
Raleigh Hotel, Washington, D. C.

Replying to your telegram my record stands and I stand by it. I do not now that there was any question about it.

WARREN G. HARDING
The declaration of Senator Harding was made public yesterday by the Rev. Michael J. Fanning, veteran temperance orator and for many years leader in the Prohibition party movement. Doctor Fanning had just returned from the fifteenth international congress against alcoholism which he attended as a delegate from Pennsylvania by appointment of Governor Sprule.

Doctor Fanning's attention was drawn to a Chicago dispatch which purported to quote the Prohibition party committee to the effect that negotiations between Senator Harding and the committee looking to a declaration by the candidate had been broken off because of a letter from the senator's secretary to the secret

ary of the committee.

"There is something bogus about that dispatch," said Doctor Fanning. "At the time it was given out in Chicago the candidate of the party and leading members of the committee were in Washington in conference with representatives of other bodies of temperance workers. They had already received from Senator Harding a prompt reply to their telegram inquiring as to his stand. They had not, however, received any reply to their telegram to Governor Cox up to the time of my leaving the conference."

The telegram sent to Cox was as follows, according to text handed out by Doctor Fanning:

September 22, 1920
Governor James M. Cox
In care of Chairman Local Democratic Committee Phoenix, Ariz.

"The undersigned committee was appointed by the national legislative conference, in session at Washington this week, composed of twenty-three national temperance and prohibition organizations, representing many voters to ask you respectfully the following questions and to report your reply, namely: Whereas the public press and liquor organizations continue to state that you are favorable to an amendment to the Volstead law to increase the content of permitted beverages, are you correctly represented by such statements? Second, we understand you are for the enforcement of all laws, but we respectfully ask whether you are for or against the proposal to change the Volstead law? Kindly wire reply to the chairman, care of the Raleigh Hotel, Washington, D. C., Howard Russell, chairman; Anna A. Gordon, Clinton H. Howard.

"Senator Harding voted to submit his eighteenth amendment to the states for ratification," said Doctor Fanning. "He voted for the Volstead act and also voted for the passage of that act over the President's veto. This is the record of which he is proud and will stand and this declaration is satisfactory to about nine-tenths of the 'dry' present at the congress.

"The criticism that he has not always favored the measures approved by the 'dry' forces has little weight with the thoughtful prohibitionists. The same thing can be truthfully said of nearly all the present-day 'dry' leaders even William Jennings Bryan himself."

BRITAIN WILL ASK U. S. TO COLLECT MEXICAN CLAIMS

WASHINGTON, Sept. 26.—Great Britain will shortly demand that the United States collect more than \$100,000,000 in damages from Mexico or pay that sum herself, it was learned today. Her intention is to make this an issue is known both to the state department and to certain members of congress.

The British claims are based upon damage to oil property in Mexico, as well as upon the murder of William Benton, and various other British subjects during the past eight years. They will follow by similar claims from France based on a large part upon the spoilation of certain French banks, in Mexico City, and their branches in other cities throughout Mexico.

In this connection, it is alleged that the Carranza government seized many millions in gold from those banks and placed them in the Mexican treasury for the avowed purpose of basing an issue of currency upon it. Much of this gold was afterward looted from the treasury. One prominent Mexican official alone is said to have brought no less than \$7,000,000 of it to the United States.

The liability of the United States is based by Britain on the alleged fact that at the time Benton was shot to death by Villa she was about to protect the lives and property of her own nationals when President Wilson intervened and demanded what to all intent and purposes was a mandate over Mexico for America.

On that occasion, Great Britain went so far as to send her own diplomatic delegation to the border to investigate but was persuaded to withdraw them on the promise that the United States would be responsible.

Cortez Bell has returned from spending the week end in Altoona.

EX-SERVICE MEN OUGHT TO HAVE FOOTBALL TEAM

We are glad to see that the local American Legion post will have a football team this fall. When one considers the amount of good, available material in this thriving county seat, he wonders why there is not a team of ex-service huskies put on the field.

We have always had good High School teams but what of the players who have graduated and for numerous reasons have not gone away to school? Clearfield likes football and some of our townsmen would like to see these ex-high boys in action.

It is said to be the intention of the local posts' athletic committee to put a team on the field that will not only equal the High School pigskin chasers but will also keep up the high standard of clean football as developed by C. H. S.

There will be practice at the park each evening between five and six o'clock. Let every man who is interested in football be there and report to either of the following men: John Flegel, Malcolm Cox, Clarence Shade or Leslie Bowes.

Every ex-service man is eligible for this team and it is hoped that a large turnout will be present this evening to help make the team a success.

Athletic Committee
John Lewis Shade Post No. 6
John Flegel
Clarence Shade
Malcolm Cox
Leslie Bowes, Chm.

Kenneth Frew, of Leechburg, is the guest of relatives and friends here. Mrs. Boyd Smith has returned from visiting with relatives in Pittsburgh.

Mrs. Harvey Whitehill and children have returned from visiting with relatives in Elmira, N. Y.

Entered at Post Office at Clearfield, Pa., as second class matter.

The United States is not unlike Ireland—the country should be made safer for its policemen.

The man who used to give his small change to a hobo now finds that he has to use it on himself.

The folks who have had their earnings doubled within five years are now interested in having their expenses halved.

When one observes the efforts of some persons to see things he is convinced that all the rubber is not going into tires.

It is all right for food faddists to ask folks to live on nuts, but it is quite another thing to ask them to live with them.

One of the causes of the high cost of living is buying things you do not need at prices you cannot afford to pay.

No matter how much victuals cost, few persons will deny themselves—there are just as many fat men and women as ever.

The man who tries to get his exercise by dodging income taxes may realize that his system is out of order when the government eats him.

The selection of Mr. Joseph O. Clark, of Glen Campbell, to be the Republican state senator from Indiana—Jefferson district will meet with general approval, not only in the counties aforesaid, but in adjoining counties where the sterling qualities and ability of Mr. Clark was well known. Mr. Clark is the type of business man that is needed in our legislative body.

Impressive and solemn services over the body of our beloved Jimmy Young bring a return of the thoughts of war time and while it is the divine will that we preach and practice forgiveness we cannot erase from our mind the feeling that one such as Jimmy was worth more than all the Germans that ever goose stepped at the Kaiser's command.

The plain statement of Senator Harding on the liquor issue should set at rest all this foolish palaver about both presidential candidates being wet. Mr. Harding's position is in thorough accord with his vote as a senator. His official life is his platform. We regret that we cannot give the Democratic candidate the credit for being as wide awake to the sentiment of the people of the twentieth century. It was a glaring political blunder that his advisors committed when they paraded him in the cities as a "wet" but they probably realized they had to parade him in the clothes he had cut for himself.

WOMEN'S BIG TEST.

Now that women have been ushered from the realm of the ideal in politics to the common ground of experience, and have been duly accorded a part in the attempts of men to establish in the nation a copy of the eternal prototype of law and order, it is but natural that they should experience disappointment at the contrast between the facts and their conception of what self-government should be.

Although many women have testified that they went to their first registration as voters with a feeling of awe and even of religious exaltation as they realized they had become a part of the body politic, there must inevitably come a letting down from this high feeling as they become a part of the machinery of government and feel the drag of petty selfishness and small personalities which spreads its network of barbed wire in the path of the advancement of mankind.

The real test of women in politics comes with this disillusionment and the question of real moment is whether they will descend to become a part of the baser aspects of political strife, and thus increase the difficulties, or whether they will hold fast to those qualities which have brought them honor and reverence.

BOTH HARDING AND COX BANNERS PUT UP SATURDAY EVE

A little "dash of pep" was injected into the political campaign locally on Saturday afternoon when handsome banners containing likenesses of both the Republican and Democratic National candidates were put up in the center of town.

The Harding and Coolidge banner was hung high above the street at the Court House corner while Cox and Roosevelt are keeping their eyes upon their opponents from a vantage point a few rods up Second street, suspended between the Jordan restaurant and the County National Bank building.

HOT WATER FOR SICK HEADACHES

Tells why everyone should drink hot water with phosphate in it before breakfast

Headaches are caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, seced into the blood excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilid, aspirin or the bromides, which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colic, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

The KITCHEN CABINET

Now the sweet September's here,
And the plover pipeth clear,
And each sheltered nook of satin
Holds a guerdon of good cheer;
And the corn all ripe and high,
Taller far than you or I,
Standseth speaketh to the sky,
In the sunset of the year.
—Kate Cleary.

GENERAL DIRECTIONS FOR CLEANING.

Many fabrics when wet with a cleanser show the outline of the stain.

To obviate this, blotting paper should be placed under the spot to be cleaned and a circle of fuller's earth spread around it. This will define the outer edge of the spot and will absorb the cleanser as it spreads, thus preventing the unsightly ring which is often left. When sponging a stain, commence at the outside and work towards the center; this prevents the spreading of the grease.

It is always safer to test the cleanser on a scrap of material to see that the color is not affected. Chloroform and ether are good grease solvents for delicate fabrics.

Good Cleaning Fluid.

Cut four ounces of castile soap into a quart of soft water and heat until the soap is melted. Remove from the fire and add two quarts of cold soft water. When the liquid is quite cold, pour into it four ounces of ammonia, two ounces of alcohol and two of ether. Bottle and cork tightly. When using shake the bottle well and apply with a sponge or cloth and rinse in clear water. When fast-colored dress goods are to be washed, add a cupful of the fluid to a pailful of soft water; soak the garment in this water, wash and rinse thoroughly.

To remove grease spots from woolen garments, first rinse in alcohol, to which salt has been added (two tablespoonfuls to one cupful of alcohol). The grease will come out as if by magic. Then wash in warm suds to restore the softness which they had when new.

To Clean Gold or Silver Lace. Place the lace on a woolen cloth and free it from all dust, then apply alum which has been burnt, powdered and sifted through a fine sieve, with a soft brush. A druggist will supply the alum burnt and powdered.

Steel trimming, beads and ornaments will be restored to their former brightness by an application of unslaked lime.

Nellie Maxwell

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to Flush Kidneys if Bladder bothers you—Drink lots of water

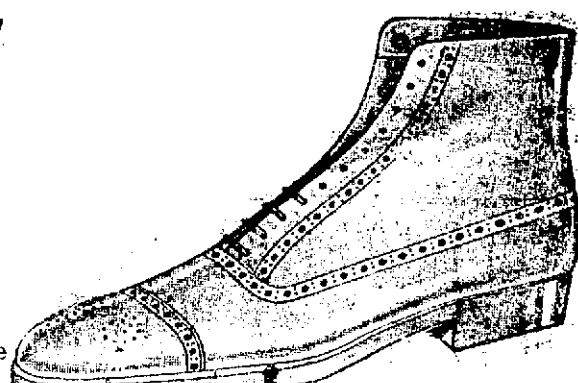

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly back-ache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then at fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

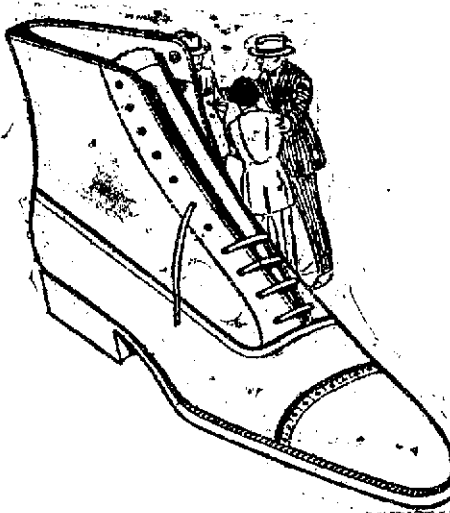

Unusual Shoe Value

You can get unusual value now in shoes. We are giving you the benefit of some very special offerings.

A comfortable, sensible shoe for men. A good business shoe. Neat in style and of sturdy leather \$10.00

These shoes mean just as much in quality and style as you always expect to find in Lytle Bros. shoes. You will find a big variety of styles and leathers. They come in brown and black calf skin. English or wide toe patterns. Any size width \$10.00

Another Special For Men

Black and brown calf shoes, with welted soles made over good dressy lasts, extra good sole leather bottoms, any size at \$6.45
Men's hose at 50c, 75c, \$1, \$1.25 pair

Just like this at \$6.45

Lytle Bros.

Camel's Foot.

The camel's foot is like a soft cushion, peculiarly well adapted to the gravel and stones over which it is constantly walking. During a single journey through the Sahara, horses have worn out three sets of shoes, while the camel's feet were not even sore.

Flocking Flappers.

Under floppy hats flappers finally flock wherever soda clerks slip tripping. —Cartoons Magazine.

The Real Test.

The measure of civilization in any race or community is the capacity for co-operation—the harmonious and effective getting along together.

More Than Skin Deep.

Beauty is more than skin deep, according to the United States public health service. Natural beauty is usually a sign of health that comes from keeping the body clean and getting plenty of outdoor exercise.

The Telephone.

A ruffled telephone screen, which is really very ornamental, is made of rose silk and lace. Every telephone in a pretty room nowadays is concealed by some attractive conceit.

Her "Sorrow Clothes."

Mary Ellen had just finished dressing a clothespin in black for Halloween and she said, "That clothespin has lost her husband and has on her sorrow clothes."

CIGARETTES

HOWDY PETE!

Always learn something when I head into this old town. Passed my deck of Camels to a fine, business-looking citizen in the Pullman dressing room this morning and this opened up a conversation. Listen, Pete, that man talked the Camel language according to Hoyle!

"Camels are the very quintessence of cigarettes," said this party. Pete, get that word? It fits—it spreads the news—it spills the whole Camel story! And, if you don't get what I'm driving to you, look up the word in Webster's! Why, Uncle Sam put it there when he dreamed Camels were coming! That man slipped into one word—mellow-mild-body, no cigarette aftertaste, no cigarette odor—and—the best cigarette in the world at any price!

Pete, why do you hear men of all types everywhere actually boosting Camels? That's because they know Camels are right! They know from Camels flavor that Camels have the quality—and they know the Camels blend of choice Turkish and choice domestic tobaccos makes the most delightful cigarette any man ever put between his lips!

Old oil well, I'm no gusher, but the way Camels are going to more and more men every one of the seven days in every week is a sight to see!

P. S.—Leaving for K. C. tonight housed as close to the roof as they could put me! Drop me a line care Hotel Baltimore.

Shorty.

Philadelphia —Tuesday.

Makes Bread Taste Good

INSURANCE MAN IS ENTHUSED OVER IT

Had Gotten to Where he Dreaded to Eat, he Suffered so from Stomach Troubles — Tanlac Restores Health.

"When a man has had stomach trouble for a year so bad he couldn't eat anything without suffering afterwards, and then finds a medicine that fixes him up in just a few days so that everything agrees with him I think it is time for him to talk for the benefit of others. Well, that is what Tanlac has done for me and I cannot praise it too highly."

The above statement was made a few days ago by Joseph Urban, 147 Fifth Avenue, New York City.

"I had gotten to where I actually intended to eat," said Mr. Urban, in answer to a question.

describing his case, "As I know so well what I would suffer from it right after meals, and I could eat but little as my appetite was very poor. I would suffer with the awful cramping pains, and a burning sensation, like ice, in my stomach. I would also

bleat up with sour gas until I felt like I was choking and coughing hard for my breath. There were intense pains in my back and my nerves were so upset that I could never get a night's sound sleep. I was also badly constipated and constantly taking something for this as well as for my other troubles, but I gradually got worse instead of better.

"Seeing Tangle so highly endorse it for me and it has not only helped me, but has helped me wonderfully. The first few doses made marked difference in my feelings. I just seemed to soothe my stomach, give my appetite a new start, and then my indigestion and other troubles began to lose their grip. I don't think my appetite has ever been as keen as it is now and I am eating three hearty meals a day, just any thing I want, and everything seems to agree with me perfectly for never feel a touch of indigestion or

other troubles began to "lose" their grip. I don't think my appetite has ever been so keen as it is now and I am eating three hearty meals a day, lost nothing; I want, and every thing seems to agree with me perfectly for I never feel a touch of indigestion on any more. My nerves have quieted down until my sleep is sound and restful and I no longer have that worn-out feeling.

"I honestly believe Taidur is the finest medicine ever sold in a drug store for stomach trouble and the Taidur-Laxative-Taidur are by far the best I have ever found for constipation. The two together have deeply made me feel a whole new man, am going to continue taking the treatment for a while as a maintenance and after what it has done for me I don't see how it can be otherwise than recommended."

Taidur is sold by all leading druggists and is available everywhere.

Once more is the economy of the Franklin accentuated. Day in, day out the Franklin is reflecting the spirit of the times.

National averages show 20 miles to a gallon of gasoline, 14,500 miles to a set of tires and yearly depreciation 50 Per Cent lower than ordinary cars.

Elsie Ferguson in

"His Parisian Wife"

Take an emotional and beautiful daughter of France, place her in an austere and hypocritical New England community, and you have at once a most absorbing photoplay—for the folks did not favor his "Parisian wife!"

SPECIAL ADDED ATTRACTIONS EACH DAY

"DARDANELLA"

current theatricals.

"Dardanelle," the McGeehan Company, Inc., production, now making a triumphal tour of the leading cities, has all the necessary essentials that make for popular favor: a tuneful score, pretty women in abundance, sensational dancing ensembles, a perfect cast and gorgeous scenic picture. As a matter of fact "Dardanelle" has scored a 100 per cent victory in the amusement world and is acclaimed the liveliest, happy-go-lucky show in

This revelation in melody, frivolity and frills will be the attraction at the Driggs theatre next Wednesday, September 29 and will set a new standard in musical comedy. Seats are on sale at the box office. Most orders will be filled in order of receipt. A limit of six seats to any one individual has been decided upon. The management of "Dardanelle" is doing this to discourage the persistent efforts of ticket speculators who have been following the big show.

Am of Staining Glass.
Fifty years ago the old secret of staining glass, which was lost with the decline of art in the seventeenth and eighteenth centuries, was rediscovered and, with the aid of chemistry, has made remarkable progress. This is shown by the fact that today the glass-stainer disposes of more than 5,000 different pigments, while in the twelfth century, the golden age of glass staining, only 12 colors were

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

MORE GOOD THINGS.

The following is a famous New Orleans dish which is well worth adding to one's treasured cook book:

Okra Gumbo.
Take one chicken, one onion, two cans of cooked tomatoes, two cans of sliced okra, one half of a red pepper, one pound of sliced ham, one tablespoonful of chopped parsley and one tablespoonful of fat. Clean and cut up the chicken. Cut the ham into small squares. Put the fat into a soup kettle and when hot add the chicken and ham. Cover closely and simmer ten minutes or until well browned. Add the onion minced and the parsley. Cook to a light brown. Fry the okra separately. Pour in the tomatoes, okra and three quarts of water, add seasonings and simmer until the meat is tender. Serve hot with boiled rice. The seasoning of okra gumbo should be high.

Puffed Rice Pralines

Heat until crisp three cupsful of puffed rice, stirring often to prevent burning. Roll two cupsful of brown sugar, one half cupful of water, one tablespoonful of vinegar, one teaspoonful of butter, a pinch of soda and a pinch of salt, until the mixture forms a soft ball in cold water. Beat in the rice and pour into buttered tin.

Baked Peaches.

Peel, cut in halves and remove the stones from six peaches. Place in a shallow baking pan. Fill each cavity with a teaspoonful of sugar, one-half teaspoonful of butter, a few drops of lemon juice and a grating of nutmeg.

Canned Apple Sauce.

Take five flavored apples, pare, quarter and core them. Prepare a rich syrup of sugar and water and drop in a few of the apples, letting them cook just long enough to scald through, then drop them into the can. Roll down the ship until quite heavy, and pour over the apples. Seal as usual.

Baked Quinces.

Wipe, quarter, core and pare eight quinces. Put in a baking dish with three-fourths of a cupful of water and cook in a slow oven until soft. Quinces require a long time for cooking.

GREATEST FAIR IN COUNTY'S HISTORY STARTS TUESDAY

"Everything is all set" and in readiness for the opening day of the Clearfield County Fair tomorrow and if the weather man favors us with the right kind of weather Clearfield county people will see the greatest and best fair in her history.

The big park was the best place in the universe today. Stock and other exhibits were being hustled to their places, amusement booths were going up and everybody was rushing about the grounds, putting the finishing touches on the big show. Every thing will be ready for the early visitor Tuesday morning and judging from the inquiries being made from all over this region and the several thousand season tickets already sold there will be no lack of both early and late visitors during the entire week.

The program of entertainment for the week is exceptionally high class and will compare more than favorably with that of any of the really big fairs held in the central part of the state.

The horse racing will be a real feature for each day, more than one hundred high class steppers being housed at and near the park for the purpose of participating in the daily speed trials.

The stock and agricultural exhibits greatly exceed the very fine showing of last year while many additions and improvements have been made about the park.

Punctilious Elephant.

A little six year old boy was attending the circus accompanied by his soldier father. When they reached the elephant Edward was allowed to feed it peanuts. The elephant raised his trunk to his head and Edward said excitedly: "Look, daddy, he's saluting!"

Books

Some books are edifices to stand as they are built, some are hewn stones ready to form a part of future edifices, some are quarries from which stones are to be split for shaping and after use.—Holmes.

BIG COAL DEAL.

The Roberta Coal Company of Johnstown Pa. recently closed a deal for the coal holdings of the Jacob Tame Institute of Baltimore Md. and located generally in Chest and Burnside townships. The deed which specifies a consideration of \$300,000 was placed on record in Recorder Chase's office this morning.

Influence of Art

Jud Tunkins says the moving pictures have shown so many different phases of life that he can't get a man to hoe corn who doesn't put on airs like an actor.

WILD LIFERS WILL MEET THURSDAY

The Clearfield County Branch of the Pennsylvania Wild Life League will meet in Clearfield on Thursday afternoon Sept. 30th and it is expected that every member of the organization will be present. The Clearfield county branch already numbers nearly 150 members and an effort will be made at this meeting to greatly increase the membership and all hunters, fishermen and lovers of the outdoors generally are requested to join at this time.

State Fish Commissioner Nathan R. Butler, of Harrisburg, will be present and will make a short address at the park in the afternoon and will also address the meeting of the organization to be held in the court house in the evening. Every body is invited to attend the evening meeting in the court house whether a member of the Wild Life League or not.

NEW CHIEF OF POLICE

F. A. Hitt, of Philipsburg, arrived in Clearfield this morning and was sworn in as Chief of Police of Clearfield by Mayor John M. Chase. The new chief assumed his duties this afternoon.

Mr. Hitt was on the police force at Philipsburg the past year and made a good record for himself.

Try a Progress Want Ad.

COURT NOTES

Thomas Ryan, the Yegg who was convicted of burglarizing the Falls Creek overalls factory was sentenced by Judge Bell on Thursday last to pay \$100 fine the costs of prosecution and undergo imprisonment in the Western Penitentiary for a period of six years.

Sentence in the cases of Owen Nagle, convicted of perjury and Joseph Stump convicted of carrying concealed deadly weapons was deferred until Monday October 4th.

District Attorney Arnold filed a petition in the Prothonotary's office asking that the hotel license of Andrew Yovosky at Kellstown, be revoked because it is alleged he has been selling liquor of an alcoholic content greater than one-half of one percent. Judge Bell granted a rule returnable Monday October 11th at which time the petition will be acted upon by the Court.

Fred Weston a well known DuBois citizen is in attendance at Court this week.

CURWENSVILLE

A food sale was held in the vacant store room on State street by a bevy of lassies of the Presbyterian Sunday school Saturday night.

Mrs. Jennie Lewis and Mrs. Joanna Locum who reside in Columbia County and who have been spending the past two weeks visiting with their sister, Mrs. J. C. Bloom on South Pine street left on Saturday morning to return to their respective homes.

Mrs. Merritt A. Caldwell, has been over in Huntingdon county for almost a week paying her annual yearly visit to her parents. She will return home about the middle of the week.

Messrs. Bert Woodward and Merritt Caldwell motored to Williamsport the latter part of last week on a visit trip. They returned home on Friday being accompanied by Archie Davidson, a former Curwensville resident.

Good-bye Corns!

**FIXES CORNS IN
10 MINUTES**

"Makes Cooking Easy"

Saves One Half Your Time In Cooking

The Gold Medal Glenwood doubles cooking capacity, and promotes cooking efficiency to the highest degree.

There are two separate ovens—one for coal and one for gas. **Both** ovens may be used at one time—or either may be used singly. In addition to the two baking ovens, there is a gas broiler oven. There is room on the coal and gas sections, at the top, for **NINE** large utensils.

While bread is being baked in the coal oven, pastry may be baked in the gas oven, meat may be broiled in the broiling oven, and cereals and vegetables may be cooked on the top.

Where did you ever hear of greater capacity?

The Gold Medal Glenwood is efficient every day in the year. In the Winter, the coal section not only looks after the cooking, but it helps warm the kitchen. In the Summer, the gas section takes care of the cooking and keeps the kitchen cool.

Call and See Them and you will understand at once why a Glenwood Range "Makes Cooking Easy"

Glenwood

Leitzinger Brothers, Clearfield

You Can Listen to the Very Last Note

When you play a record on the Columbia Grafonola, you can listen at ease to the very last note. The Columbia *Non Set Automatic Stop* operates on any record, long or short. Built right into the motor. Invisible. Automatic. Nothing to move or set or measure. Just start the Grafonola, and it plays and stops itself.

The Columbia Tone Levers enable you to control tone volume with the utmost accuracy and ease. The Straight Tone Arm insures that the music will develop fully and naturally. You get from the Columbia Grafonola's reproductions exactly the music the artists themselves produced on the original wax of the records.

One glance at the Grafonola's Streamline Cabinet shows you that it is in artistic keeping with modern furniture design. And remember that the *Non Set Automatic Stop* is found

Exclusively on the

Columbia Grafonola

Standard Models up to \$300. Period Designs up to \$2100.

COLUMBIA GRAPHOPHONE COMPANY New York

"Certainly, the clock is right!"

"Yes, I am *always* through washing by 9 o'clock, and I *never* start before seven or eight.

Sounds alluring, doesn't it? But she is just one of the 400,000 women in America who use the

Thor Electric Washing Machine

WITH ALL-METAL SAFETY SWINGING WRINGER

and the very great majority of them bought this wonderful household help by paying

\$10 DOWN

and the balance in small monthly payments—just as you can do

This amounts to less—yes, *less* than you would pay a laundress for one day a week—and you have a better laundress than you could ever hire—a laundress that works for you now and for a lifetime *always* on hand when wanted—no meals to get, no fussing. A good sized washing done in an hour—clothes washed *spotlessly* clean—and *much* less wear on them.

For 14 years THOR has been recognized as the **WASHING MACHINE SUPREME**. It is unqualifiedly guaranteed by the Hurley Machine Company and approved by Good Housekeeping Institute.

Rich Blood Secret Of Good Health

Here is a Suggestion Along that Line

This impoverished blood results in pale, sallow complexions, run-down anaemic conditions, and leaves one without strength, energy or ambition. Lots of people here think that the one great remedy for this condition is Vinol, that non-secret cod liver and iron tonic without oil, which with the beef peptones and glycerophosphates contained in it, acts very quickly in creating thousands of red corpuscles in the blood. It quickens the circulation, increases the appetite, aid digestion and in this natural manner creates strength, vitality and energy. Hundreds of people in this vicinity have testified to its value.

**KEYSTONE
The
ICE CREAM
THAT
EVERYONE
LIKES**

A bright cheery day for wash day is dreary enough but when you start the day's washing with a dense fog outside--a fog of steam in your kitchen--a mammoth pile of soiled clothing staring you in the face--the rush and bustle of getting the kiddies off to school--the back-breaking task of getting that pile of dirty clothes cleaned looms up pretty big, doesn't it? You could have saved yourself all of this if you had called 60 on the phone and said "Have your wagon call." Clearfield Laundry

Ancient Symbol.

The initials I. H. S., appearing on grave stones, in churches, etc., are the initial letters of the Latin phrase "Jesus Hominum Salvator," which means "Jesus the Savior of Man." This was originally written in Greek and was the first three letters of the name Jesus, but its origin was lost sight of through substituting the "S" for the Greek sign sigma. Then by mistaking the Greek H for the Latin H a significance was found for each letter.

Not Numerous, Anyway.

The quiet, secluded, inconspicuous life is not without its attractions amid the mad rush for prominence and fame, and we often wonder if, after all, those homes are not happier where the husband and father never lost his automobile by theft, the wife and mother never underwent an operation and the children still have their tonsils.—Ohio State Journal.

Ideal Married State.

Nothing much that is wrong can happen to the man who thinks he has married the prettiest girl in the world, so long as he keeps on thinking so.

Origin of Slang.

Slang originated from the gypsy tongue. It used to be a secret language of that race. It is by no means of modern date, being well known in the classic ages of Greece and Rome.

Seven Seas.

This term is usually employed as a figure of speech by writers when referring to the total water area of the globe. This item would therefore include the North Atlantic, South Atlantic, Arctic, Antarctic and Indian, and the Pacific, divided into North and South Pacific.

Inkstand Centuries Old.

An inkstand that was probably in use 3,000 years or more ago, has been acquired by the British museum. It is from Thebes, of Egyptian make, and is supposed to date from somewhere about 1500 B. C., although its real age can only be judged of approximately. It is made of wood, and has two compartments, an upper one provided with two holes, one for black and one for red ink, and a lower one for holding reed pens. The black and the red ink are certainlies, for some of the color still remains within the receptacles.

Dress for an Earthquake.

The earthquakes of California, recently reported, remind us of an old lady who, having gone through one, thus relates her experience: "My dear, I was simply tumbled out of bed and the ceiling cracked. I threw on a fur cloak and unconsciously pulled on one black suede glove, and when I got down to the hall and found all the other guests—my dear, I was the best dressed woman there."—Boston Transcript.

Exhaustion Was Mental.

The golfer who was employing him was playing very badly and the caddy threw himself down on the grass at one point and watched him. When the man had at last succeeded in getting his ball out of the bunker, he glanced toward the boy and remarked: "You must be tired, lying down at this time of day," after tired of carrying," said the caddy, "but I certainly am tired of counting."—Boston Transcript.

Turn Purple.

No woman is so color blind that she can't notice a rival turning green with envy.—Cartoon Magazine.

THE CLEARFIELD PROGRESS, CLEARFIELD, PA., MONDAY EVENING, SEPTEMBER 27, 1920

NUMBER 48

DRY GOODS AND PRODUCE ON PRICE TOBOGGAN IN AT LEAST TWO CITIES

COLUMBUS, O., Sept. 27.—Columbus today began to feel the effect of the downward prices. Dry goods and building materials were the first to hit the tobooggan. The wholesale price of gingham dropped approximately 25 per cent. Manufacturers who had a large supply of gingham suffered a considerable loss. Percales and madras dropped 15 to 20 per cent in the wholesale price during the past week.

ROCHESTER, N. Y., Sept. 27.—Produce prices were slashed here today and further reductions were expected. The warm weather of the past week has ripened the fruit so rapidly that the supply is greater than the demand. Peaches have dropped to \$1 a bushel, apples have dropped below \$1 for a hundred pounds. Farmers are offered 75 cents a bushel for potatoes. Other vegetables have dropped materially in price.

PANIC OF DEPOSITORS EMBARRASSES ANOTHER BANKING HOUSE AT BOSTON

BOSTON, Sept. 27.—The Tremont Trust Company today invoked the 90 day clause of the banking laws for depositors to give that much before withdrawing their savings following a run on the bank Saturday in which police were called to restore order. Officials of the Trust Company said the company would receive deposits as usual. Simon Twigg, Vice President, addressed a crowd in front of the building saying the trust company is well able to pay the deposits but urged them to cease withdrawing.

GRODNO FALLS TO REDS: FORTRESS WAS CONCEDED IN ARMISTICE TERMS

WARSAW, Sept. 27.—Grodno, the fortress city on the River Nieman, has been captured by the Bolshevik army it was announced officially today. This places the Polish forces on the Polish front on a line proposed by the peace armistice. The Reds were still battling fiercely in the vicinity of Grodno, according to latest advices received.

ZIMMERMAN, CHASE AND MAGEE LOST JOBS BY GAMBLING SAYS HEYDLER

CHICAGO, Sept. 27.—Crookedness in national base ball games have been eliminated in general, John Heydler will testify before the Grand Jury investigating base ball gambling. "Heinie Zimmerman, Hal Chase and Lee Magee were thrown out of the National League because of gambling," said Heydler. Although it had been generally known that Zimmerman, Chase and Magee were thrown out because of their alleged gambling this was the first official announcement of that fact. He said the New York Giants deserved great credit for their swift and decisive action taken in the case of Chase and Zimmerman.

THREE THOUSAND ALTOONANS PULL HARDING OUT OF BED FOR A SPEECH

En Route with Senator Harding, Harrisburg.—Today 3,000 people at Altoona got Senator Harding out of bed for a speech at seven o'clock. Asleep when the train reached Altoona, he was aroused by the cheering of the crowd in front of his car. He pulled on his trousers, tied a handkerchief around his neck, slipped on a coat and went out on the rear platform. He told the crowd, mostly railroaders, that the "sch—Cummins bill was "the best piece of legislation for the American railroad workers ever put."

Arriving at Harrisburg, Senator Harding left his train and walked down town visiting the capitol. On the way back to the station he stopped at the Penn-Harris Hotel where the State Chamber of Commerce is in session. The men were completely taken by surprise and Harding was allowed 2 minutes in which he made a brief speech. The Senator was met with a warm reception in the capitol. More than 300 state employees formed in line and shook hands with the Senator.

REIGN OF TERROR IN TRENT.

DUBLIN, Sept. 27.—40 buildings were burned in police reprisals today in the town of Trent, 25 miles from Dublin. Residents of the town fled from it in panic.

DENIES FORMATION OF STEEL COMBINE.

NEW YORK, Sept. 27.—No international steel combine is to be attempted by the United States Steel Corporation, Vice President Joseph Steel stated today. He denied reports that the company had organized a foreign subsidiary to be known as the Amstead Company which is reported to have sold 75,000 ship plates to Germany.

FIRST WORLD SERIES

CAMP OCTOBER 5th

CHICAGO, Sept. 27.—The first game of the world series will be played at the world's first city winning the American League pennant, either Chicago or Cleveland, the national base ball commission announced today. Three games will be played in the American League city and four games will be played in the National League city. The series will be played in the American League city and the National League city.

Nearly eight hundred of the Clearfield women who enrolled to vote this Fall are going to be denied their vote unless they make haste to pay their tax of fifty-three cents.

This last day to pay this tax and get in line to vote is this coming Friday and up to this morning Tax Collector Taylor announces that only a few more than four hundred women have paid the tax although they are coming in fast today.

Do not be among the slackers. Go to the tax collector tomorrow sure. His office is in the Trust Company building. Women of Lawrence Township can pay at the Clearfield Trust Company.

HARDING-COOLIDGE CLUB WILL HOLD AN IMPORTANT MEETING TONIGHT

A meeting of the Harding-Coolidge club is called for this evening at eight o'clock at the club rooms and it is urgently requested that every member be in attendance as there are some reports to be heard and some very urgent business to be attended to. The work outlined at the last meeting has occupied the major portion of the time of the executive officer so that the public speaking program will not be in readiness for this evening and as the fair is going to take a great deal of all our time this week the speaking program will not be started before Friday evening of this week and probably not until next week. The club room is open from nine o'clock in the morning until at

least nine o'clock in the evening every day and during the fair everybody is invited to make the club their headquarters. Meet me at the Harding club will be a good idea so if you want to make a date with anybody for any certain time just say "meet me at the Harding club."

A most interesting report on the activities of the women admirers of the Harding candidacy is to be made this evening. There will also be a full report on the recommendations made at the last meeting.

Don't forget the time—eight o'clock—at the Harding Club. If you haven't been around yet—come in and look it over—it won't cost a cent.

C. H. S. FOOTBALL TEAM DEVELOPING PLENTY OF REAL PEP

Signals! X-formation, 29-12-133—watch 'em tear, for Clearfield High's "Grid" squad is once more burning up the turf on the public school athletic field.

Two weeks ago the response to the call of Athletic Director Staff and Coach Heisey for football material was encouraging, as more than ninety men signed up and reported for uniform and by the middle of the week the squad was being drilled and instructed on the fine points and rudimentary tactics of the "pikskin" game. The varsity lineup looks good; with 9 letter men back from last year's team and several new men in line for positions, giving the trainers ample material from which to select a winning eleven.

The following veterans from last year's team are out for first team posts: Capt. Kurtz, N. Norris, C. Bird, C. Mann, R. Nelson, Stephenson, B. Norris, D. Bowes and Rex Ammerman, and in addition to these men, Wayne Johnson, C. Torrence and Jimmy Mandola all ex-service men, formerly candidates for C. H. S. teams and numerous other players who are rapidly rounding into varsity "stuff," should make the letter men hustle to retain their respective positions.

Coch Heisey who tutored last year's team is doing good work. Athletic Director Staff is moulding the men into real players, as he instructs the candidates individually, and is instilling a fighting spirit that has always been characteristic of the C. H. S. grid teams.

The teams have been drilled in signal practice and several stiff scrimmages have been held and from the manner in which the men play their positions it is evident that C. H. S. will turn out a team of championship calibre and when the red and black warriors line up for their initial game with Kane High school they should present one of the most formidable teams that ever represented Clearfield High.

STOCK PRICES

NEW YORK, Sept. 27.—Prices on the stock exchange today were: American Locomotive 93, Baldwin Locomotive 108½, Bethlehem Steel B. 71½, Bethlehem Steel A. 105, Crucible Steel 127½, General Electric 141½, Midvale 37½, Penna. 42, Republic Iron and Steel 77, Preferred 94, Westinghouse Electric 47½.

Baldwin and most of the steels made new lows for the day in the last half hour. United States Rubber was forced down 7 points. Mexican Petroleum made a gain of three but subsequent lost one half of that. United States stores lead with sales above 71. St. Louis, and South Western made a new high for the year at 40.

Mrs. C. E. Carlson of Portland, Me., is visiting her sister in law Mrs. Orvis Guelich on Turnpike avenue.

HEINZY, MADERA SLAYER, ON TRIAL THIS MORNING

Harry Heinzy, the Madera blacksmith, who stabbed Alec Wash to death in an altercation in the back yard at the Wash house in July last, was placed on trial for his life before Judge Bell this morning. Heinzy is being prosecuted by District Attorney Arnold, while his defense is being looked after by Walter Welch, and Miller & Hartwick, Esqs.

The defendant was arraigned by the District Attorney shortly after court called this morning and entered the usual plea of not guilty. The work of securing a jury was then begun and when time for the noon recess had arrived three of the necessary twelve men had been accepted and sworn.

The jurors thus far selected are: C. F. Grape, farmer, Brady Twp. Elmer Shaw, blacksmith, Clearfield Earl Kline, miner, Woodward twp.

DEMOCRATS WILL ORGANIZE CLUB

The Democrats of Clearfield and vicinity will organize a Cox and Roosevelt Club at a meeting to be held in the Arbitration Room of the Court House tonight at 8 o'clock. Able local speakers will address the gathering and all Democrats are expected to be present.

Raymond A. Halford left this morning for Pittsburgh where he is enrolled as a student in the University of Pittsburgh.

CLEARFIELD PAYS LAST RESPECTS TO JIMMY YOUNG

The funeral of the late Private James Young, who died in a French hospital in 1918, was held from the Court House yesterday afternoon. Private Young's remains arrived in Clearfield Saturday evening on the 6:45 Pennsylvania train. They were accompanied by a guard of two regular army soldiers.

The guard of honor from John Shade Post of the American Legion, under the command of Lt. Harry Fred Bigler, met the train and escorted the remains to the Court room, where the remains were allowed to lay in state until 3 o'clock Sunday afternoon, the hour fixed for the funeral services.

Rev. C. C. Snavely conducted the services and an assemblage which taxed the capacity of the room to its utmost, while several hundred more people were turned away. Rev. Snavely preached an eloquent sermon, in which he extolled the manifold virtues of the deceased, who had been a member of his congregation and a close friend of the pastor.

The funeral was conducted according to full military regulations and was in charge of Funeral Director R. W. Thompson. Interment was made in the family plot in Hillcrest cemetery.

THINKS DRIVER OF CAR RESPONSIBLE FOR GIRL'S DEATH

LETTER TO THE EDITOR

Grampian, Pa., Sept. 27th 1920
Editor Progress
Clearfield, Pa.
Gentlemen:

Referring to the accident in Grampian September 21st, that resulted in the instant death of Beatrice Eleanor Haley four years old, caused by being run down on the curb of the crossing at Third street, Grampian, Pa., I wish to correct the report given by correspondent in your paper that may have led people to think the child was responsible.

The fact of the case from an eyewitness is that a car driven by a load of drunks at a speed of about 35 miles an hour had just gone over the crossing toward DuBois, Pa. The little girl waited until this car had gone by—she then started across to the opposite side of the street and had almost reached the curb on the opposite side when a large Studebaker car driven by W. H. More of Sharon, Pa., came along and struck the child four or five feet from the curb.

The only excuse the driver could give was that he was not looking at the road ahead of him, that his attention was drawn to the drunks or some of the neighbors. He had at least forty feet on the side of the child to pass and not a soul on the crossing. He was clear off the drive way when he struck the child. A. C. Moore, sitting on his porch directly in front of the accident could see the little girl going across the street quite plainly and it was a case of pure manslaughter that can be proven. Your correspondent has been misinformed in this case as the child was in no way to blame for the accident and W. H. Moore was negligent in not looking ahead where he was driving his car.

Yours truly,
J. S. FLEMING

LIEUT. SNAVELY'S LECTURE WELL WORTH HEARING

A well filled church greeted Lieut. Earl R. Snavely at the West Side M. E. church last evening to hear his lecture on Bolshevism as he saw it during his stay in Russia.

The causes leading up to the present chaotic conditions that exist in the land of the Russky were clearly defined. Word pictures of the conditions were cleverly drawn and the lecture ended with an earnest plea to Americans to look upon Russia as a child beginning to see the light and for every American to lend a helping hand in the Russian search for the things that we have come to think of as being in the matter of course.

Mr. and Mrs. Frank Walker and family motored to Clarion yesterday. They were accompanied home by Miss Anna Mae Sloan who will visit there for a couple weeks.

Vic Ericson, of Houtzdale, spent today with friends in town.

HARDING COMES OUT FOUR-SQUARE ON 18TH AMENDMENT: COX SILENT

Senator Harding, in a telegram under date of September 22, unequivocally took his position for the Eighteenth amendment establishing prohibition and for the Volstead act to enforce it.

Senator Harding voted for the amendment and for the Volstead law. His reaffirmation of his position came in response to a telegram sent to him by representatives of 23 organizations which met last week in Washington. The exchange of messages between the committee and the candidate was as follows:

September 22, 1920
Senator Warren G. Harding
Marion, Ohio

"The undersigned committee are appointed by the national legislative conference, in session at Washington this week, composed of twenty-three national temperance and prohibition organizations representing many voters to ask you respectfully the following questions and to report your reply, namely: Do you stand by your record as indicated by your vote on the Volstead act for its enforcement? Kindly wire your reply to the chairman, care of the Raleigh hotel, Washington, D. C., Howard H. Russell, Anna A. Gordon, Clinton H. Howard. Senator Harding's reply was as follows:

September 22, 1920
Howard H. Russell,
Raleigh Hotel, Washington, D. C.

Replying to your telegram my record stands and I stand by it. I do not now that there was any question about it.

WARREN G. HARDING
The declaration of Senator Harding was made public yesterday by the Rev. Michael J. Fanning, veteran temperance orator and for many years leader in the Prohibition party movement. Doctor Fanning had just returned from the fifteenth international congress against alcoholism which he attended as a delegate from Pennsylvania by appointment of Governor Sproul.

Doctor Fanning's attention was drawn to a Chicago dispatch which purported to quote the Prohibition party committee to the effect that negotiations between Senator Harding and the committee looking to a declaration by the candidate had been broken off because of a letter from the senator's secretary to the secret

tary of the committee.

"There is something bogus about that dispatch," said Doctor Fanning. "At the time it was given out in Chicago the candidate of the party and leading members of the committee were in Washington in conference with representatives of other bodies of temperance workers. They had already received from Senator Harding a prompt reply to their telegram inquiring as to his stand. They had not, however, received any reply to their telegram to Governor Cox up to the time of my leaving the conference."

The telegram sent to Cox was as follows, according to text handed out by Doctor Fanning:

September 22, 1920
Governor James M. Cox
In care of Chairman Local Democratic Committee Phoenix, Ariz.

"The undersigned committee was appointed by the national legislative conference, in session at Washington this week, composed of twenty-three national temperance and prohibition organizations, representing many voters to ask you respectfully the following questions and to report your reply, namely: Whereas the public press and liquor organizations continue to state that you are favorable to an amendment to the Volstead law to increase the content of permitted beverages, are you correctly represented by such statements? Second, we understand you are for the enforcement of all laws, but we respectfully ask whether you are for or against the proposal to change the Volstead law? Kindly wire reply to the chairman, care of the Raleigh Hotel, Washington, D. C., Howard Russell, chairman; Anna A. Gordon, Clinton H. Howard. "Senator Harding voted to submit his eighteenth amendment to the states for ratification," said Doctor Fanning. "He voted for the Volstead act and also voted for the passage of that act over the President's veto. This is the record of which he is proud and will stand and this declaration is satisfactory to about nine-tenths of the party present at the congress."

"The criticism that he has not always favored the measures approved by the 'dry' forces has little weight with the thoughtful prohibitionists. The same thing can be truthfully said of nearly all the present-day 'dry' leaders even William Jennings Bryan himself."

BRITAIN WILL ASK U. S. TO COLLECT MEXICAN CLAIMS

WASHINGTON, Sept. 26.—Great Britain will shortly demand that the United States collect more than \$100,000,000 in damages from Mexico or pay that sum herself, it was learned today. Her intention is to make this an issue is known both to the state department and to certain members of Congress.

The British claims are based upon damage to oil property in Mexico, as well as upon the murder of William Benton, and various other British subjects during the past eight years. They will follow by similar claims from France based on a large part upon the spoliation of certain French banks, in Mexico City, and their branches in other cities throughout Mexico.

In this connection, it is alleged that the Carranza government seized many millions in gold from those banks and placed them in the Mexican treasury for the avowed purpose of basing an issue of currency upon it. Much of this gold was afterward looted from the treasury. One prominent Mexican official alone is said to have brought no less than \$7,000,000 of it to the United States.

The liability of the United States is based by Britain on the alleged fact that at the time Benton was shot to death by Villa she was about to protect the lives and property of her own nationals when President Wilson intervened and demanded what to all intent and purposes was a mandate over Mexico for America.

On that occasion, Great Britain went so far as to send her own diplomatic delegation to the border to investigate but was persuaded to withdraw them on the promise that the United States would be responsible.

Cortez Bell has returned from spending the week end in Altoona.

EX-SERVICE MEN OUGHT TO HAVE FOOTBALL TEAM

We are glad to see that the local American Legion post will have a football team this fall. When one considers the amount of good, available material in this thriving county seat, he wonders why there is not a team of ex-service huskies put on the field.

We have always had good High School teams but what of the players who have graduated and for numerous reasons have not gone away to school? Clearfield likes football and some of our townsmen would like to see these ex-high boys in action.

It is said to be the intention of the local posts' athletic committee to put a team on the field that will not only equal the High School pigskin chasers but will also keep up the high standard of clean football as developed by C. H. S.

There will be practice at the park each evening between five and six o'clock. Let every man who is interested in football be there and report to either of the following men: John Flegal, Malcolm Cox, Clarence Shade or Leslie Bowes.

Every ex-service man is eligible for this team and it is hoped that a large turnout will be present this evening to help make the team a success.

Athletic Committee
John Lewis Shade Post No. 6
John Flegal
Clarence Shade
Malcolm Cox
Leslie Bowes, Chm.

Kenneth Frew, of Leechburg, is the guest of relatives and friends here. Mrs. Boyd Smith has returned from visiting with relatives in Pittsburgh.

Mrs. Harvey Whitehill and children have returned from visiting with relatives in Elmira, N. Y.

Six Months \$3.00 One Month50

By Carrier 12 cents per Week Payable to Carrier
Entered at Post Office at Clearfield, Pa., as second class matter.

The United States is not unlike Ireland—the country should be made safer for its policemen.

The man who used to give his small change to a hobo now finds that he has to use it on himself.

The folks who have had their earnings doubled within five years are now interested in having their expenses halved.

When one observes the efforts of some persons to see things he is convinced that all the rubber is not going into tires.

It is all right for food faddists to ask folks to live on nuts, but it is quite another thing to ask them to live with them.

One of the causes of the high cost of living is buying things you do not need at prices you cannot afford to pay.

No matter how much victuals cost, few persons will deny themselves—there are just as many fat men and women as ever.

The man who tries to get his exercise by dodging income taxes may realize that his system is out of order when the government eats him.

The selection of Mr. Joseph O. Clark, of Glen Campbell, to be the Republican state senator from Indiana—Jefferson district will meet with general approval, not only in the counties aforesaid, but in adjoining counties where the sterling qualities and ability of Mr. Clark was well known. Mr. Clark is the type of business man that is needed in our legislative body.

Impressive and solemn services over the body of our beloved Jimmy Young bring a return of the thoughts of war time and while it is the divine will that we preach and practice forgiveness we cannot erase from our mind the feeling that one such as Jimmy was worth more than all the Germans that ever goose stepped at the Kaiser's command.

The plain statement of Senator Harding on the liquor issue should set at rest all this foolish palaver about both presidential candidates being wet. Mr. Harding's position is in thorough accord with his vote as a senator. His official life is his platform. We regret that we cannot give the Democratic candidate the credit for being as wide awake to the sentiment of the people of the twentieth century. It was a glaring political blunder that his advisors committed when they paraded him in the cities as a "wet" but they probably realized they had to parade him in the clothes he had cut for himself.

WOMEN'S BIG TEST.

Now that women have been ushered from the realm of the ideal in politics to the common ground of experience, and have been duly accorded a part in the attempts of men to establish in the nation a copy of the eternal prototype of law and order, it is but natural that they should experience disappointment at the contrast between the facts and their conception of what self-government should be.

Although many women have testified that they went to their first registration as voters with a feeling of awe and even of religious exaltation as they realized they had become a part of the body politic, there must inevitably come a letting down from this high feeling as they become a part of the machinery of government and feel the drag of petty selfishness and small personalities which spreads its network of barbed wire in the path of the advancement of mankind.

The real test of women in politics comes with this disillusionment and the question of real moment is whether they will descend to become a part of the baser aspects of political strife, and thus increase the difficulties, or whether they will hold fast to those qualities which have brought them honor and reverence.

BOTH HARDING AND COX BANNERS PUT UP SATURDAY EVE

A little "dash of pep" was injected into the political campaign locally on Saturday afternoon when handsome banners containing likenesses of both the Republican and Democratic National candidates were put up in the center of town.

The Harding and Coolidge banner was hung high above the street at the Court House corner while Cox and Roosevelt are keeping their eyes upon their opponents from a vantage point a few rods up Second street, suspended between the Jordan restaurant and the County National Bank building.

HOT WATER FOR SICK HEADACHES

Tells why everyone should drink hot water with phosphate in it before breakfast

Headaches are caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, seced into the blood excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilid, aspirin or the bromides, which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colic, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

The KITCHEN CABINET

Now the sweet September's here,
And the plover pipeth clear,
And each sheltered nook of satin
Holds a guerdon of good cheer;
And the corn all ripe and high,
Taller far than you or I,
Standseth speaketh to the sky,
In the sunset of the year.
—Kate Cleary.

GENERAL DIRECTIONS FOR CLEANING.

Many fabrics when wet with a cleanser show the outline of the stain.

To obviate this, blotting paper should be placed under the spot to be cleaned and a circle of fuller's earth spread around it. This will define the outer edge of the spot and will absorb the cleanser as it spreads, thus preventing the unsightly ring which is often left. When sponging a stain, commence at the outside and work towards the center; this prevents the spreading of the grease.

It is always safer to test the cleanser on a scrap of material to see that the color is not affected. Chloroform and ether are good grease solvents for delicate fabrics.

Good Cleaning Fluid.

Cut four ounces of castile soap into a quart of soft water and heat until the soap is melted. Remove from the fire and add two quarts of cold soft water. When the liquid is quite cold, pour into it four ounces of ammonia, two ounces of alcohol and two of ether. Bottle and cork tightly. When using shake the bottle well and apply with a sponge or cloth and rinse in clear water. When fast-colored dress goods are to be washed, add a cupful of the fluid to a pailful of soft water; soak the garment in this water, wash and rinse thoroughly.

To remove grease spots from woolen garments, first rinse in alcohol, to which salt has been added (two tablespoonfuls to one cupful of alcohol). The grease will come out as if by magic. Then wash in warm suds to restore the softness which they had when new.

To Clean Gold or Silver Lace. Place the lace on a woolen cloth and free it from all dust, then apply alum which has been burnt, powdered and sifted through a fine sieve, with a soft brush. A druggist will supply the alum burnt and powdered.

Steel trimming, beads and ornaments will be restored to their former brightness by an application of unslaked lime.

Nellie Maxwell

EAT LESS MEAT IF BACK HURTS

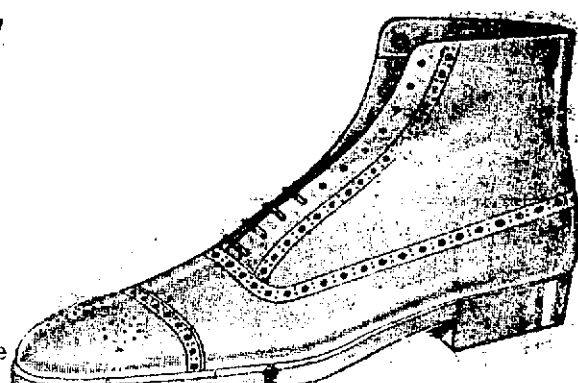

Take a glass of Salts to Flush Kidneys if Bladder bothers you—Drink lots of water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly back-ache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then at fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

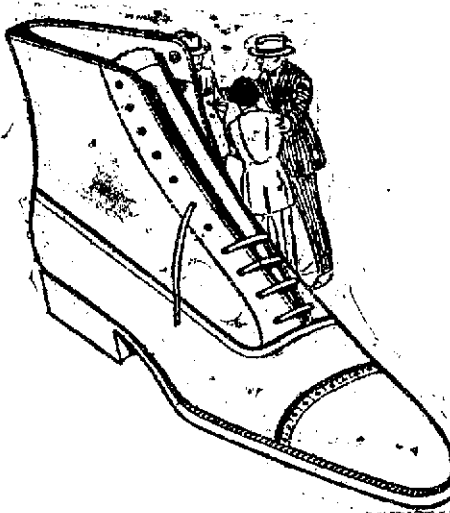

Unusual Shoe Value

You can get unusual value now in shoes. We are giving you the benefit of some very special offerings.

A comfortable, sensible shoe for men. A good business shoe. Neat in style and of sturdy leather \$10.00

These shoes mean just as much in quality and style as you always expect to find in Lytle Bros. shoes. You will find a big variety of styles and leathers. They come in brown and black calf skin. English or wide toe patterns. Any size width \$10.00

Another Special For Men

Black and brown calf shoes, with welted soles made over good dressy lasts, extra good sole leather bottoms, any size at \$6.45
Men's hose at 50c, 75c, \$1, \$1.25 pair

Just like this at \$6.45

Lytle Bros.

Camel's Foot.

The camel's foot is like a soft cushion, peculiarly well adapted to the gravel and stones over which it is constantly walking. During a single journey through the Sahara, horses have worn out three sets of shoes, while the camel's feet were not even sore.

Flocking Flappers.

Under floppy hats flappers finally flock wherever soda clerks slip trappé. —Cartoons Magazine.

The Real Test.

The measure of civilization in any race or community is the capacity for co-operation—the harmonious and effective getting along together.

More Than Skin Deep.

Beauty is more than skin deep, according to the United States public health service. Natural beauty is usually a sign of health that comes from keeping the body clean and getting plenty of outdoor exercise.

The Telephone.

A ruffled telephone screen, which is really very ornamental, is made of rose silk and lace. Every telephone in a pretty room nowadays is concealed by some attractive conceit.

Her "Sorrow Clothes."

Mary Ellen had just finished dressing a clothespin in black for Halloween and she said, "That clothespin has lost her husband and has on her sorrow clothes."

Camel

CIGARETTES

HOWDY PETE!

Always learn something when I head into this old town. Passed my deck of Camels to a fine, business-looking citizen in the Pullman dressing room this morning and this opened up a conversation. Listen, Pete, that man talked the Camel language according to Hoyle!

"Camels are the very quintessence of cigarettes," said this party. Pete, get that word? It fits—it spreads the news—it spills the whole Camel story! And, if you don't get what I'm driving to you, look up the word in Webster's! Why, Uncle Sam put it there when he dreamed Camels were coming! That man slipped into one word—mellow-mild-body, no cigarette aftertaste, no cigarette odor—and—the best cigarette in the world at any price!

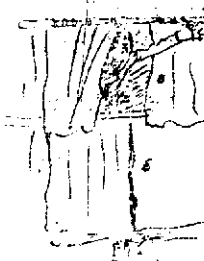

Pete, why do you hear men of all types everywhere actually boosting Camels? That's because they know Camels are right! They know from Camels flavor that Camels have the quality—and—they know the Camels blend of choice Turkish and choice domestic tobaccos makes the most delightful cigarette any man ever put between his lips!

Old oil well, I'm no gusher, but the way Camels are going to more and more men every one of the seven days in every week is a sight to see!

P. S.—Leaving for K. C. tonight housed as close to the roof as they could put me! Drop me a line care Hotel Baltimore.

Shorty.

A Paramount-Artercraft Special

Elsie Ferguson in

"His Parisian Wife"

Take an emotional and beautiful daughter of France, place her in an austere and hypocritical New England community, and you have at once a most absorbing photoplay—for the folks did not favor his "Parisian wife!"

SPECIAL ADDED ATTRACTIONS EACH DAY

"DARDANELLA"

current theatricals.

"Dardanella," the McGeehan Company, Inc.'s latest musical comedy production, now making a triumphant tour of the leading cities, has all the necessary essentials that make for popular favor: a tuneful score, pretty women in abundance, sensational dancing ensembles, a perfect cast and gorgeous scenic mystique. As a matter of fact "Dardanella" has scored a 100 per cent victory in the amusement world and is acclaimed the liveliest, happy-go-lucky show in

This revelation in melody, frivolity and frills will be the attraction at the Driggs theatre next Wednesday, September 29 and will set a new standard in musical comedy. Seats are on sale at the box office. Mul order will be filled in order of the receipt. A limit of six seats to any one individual has been decided upon. The management of "Dardanella" is doing this to discourage the persistent efforts of ticket speculators who have been following the big show.

Kitchen Ware That Wears

Aluminum is the Kitchen Ware for the woman who takes pride in her kitchen.

Not only is it attractive in appearance, but it continues to look well indefinitely.

Let us show you our line of Aluminum Cooking Utensils, Tea Kettles, Preserving Kettles, Tea and Coffee Pots, Pudding Pans, Cake and Pie Pans, Jelly Molds, Funnels, all kinds of Kitchen Utensils.

Make Us Your Headquarters Everyday During The Fair

The Dinnelings

Am of Staining Glass.
Fifty years ago the old secret of staining glass, which was lost with the decline of art in the seventeenth and eighteenth centuries, was rediscovered and, with the aid of chemistry, has made remarkable progress. This is shown by the fact that today the glass-stainer disposes of more than 6,000 different pigments, while in the twelfth century, the golden age of glass staining, only 12 colors were

Uncle Eben.
"Politics," said Uncle Eben, "is mighty misleading. De man dat is able to intertain de bigges' audience ain't allus giner git de mos' votes."

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

MORE GOOD THINGS.

The following is a famous New Orleans dish which is well worth adding to one's treasured cook book:

Okra Gumbo.
Take one chicken, one onion, two cans of cooked tomatoes, two cans of sliced okra, one half of a red pepper, one pound of sliced ham, one tablespoonful of chopped parsley and one tablespoonful of fat. Clean and cut up the chicken. Cut the ham into small squares. Put the fat into a soup kettle and when hot add the chicken and ham. Cover closely and simmer ten minutes or until well browned. Add the onion minced and the parsley. Cook to a light brown. Fry the okra separately. Pour in the tomatoes, okra and three quarts of water, add seasonings and simmer until the meat is tender. Serve hot with boiled rice. The seasoning of okra gumbo should be high.

Puffed Rice Pralines

Heat until crisp three cupsful of puffed rice, stirring often to prevent burning. Roll two cupsful of brown sugar, one half cupful of water, one tablespoonful of vinegar, one teaspoonful of butter, a pinch of soda and a pinch of salt, until the mixture forms a soft ball in cold water. Beat in the rice and pour into buttered tin.

Baked Peaches.

Peel, cut in halves and remove the stones from six peaches. Place in a shallow baking pan. Fill each cavity with a teaspoonful of sugar, one-half teaspoonful of butter, a few drops of lemon juice and a grating of nutmeg.

Canned Apple Sauce.

Take five flavored apples, pare, quarter and core them. Prepare a rich syrup of sugar and water and drop in a few of the apples, letting them cook just long enough to scald through, then drop them into the can. Roll down the ship until quite heavy, and pour over the apples. Seal as usual.

Baked Quinces.

Wipe, quarter, core and pare eight quinces. Put in a baking dish with three-fourths of a cupful of water and cook in a slow oven until soft. Quinces require a long time for cooking.

Nellie Maxwell

The Boy Scouts Troop 2

Will have a booth at the fair to sell ice cream, candy, etc., for money to buy troop equipment.

By patronizing them you will be supporting an organization that is making better citizens for Clearfield.

GREATEST FAIR IN COUNTY'S HISTORY STARTS TUESDAY

"Everything is all set" and in readiness for the opening day of the Clearfield County Fair tomorrow and if the weather man favors us with the right kind of weather Clearfield county people will see the greatest and best fair in her history.

The big park was the busiest place in the universe today. Stock and other exhibits were being hustled to their places, amusement booths were going up and everybody was rushing about the grounds, putting the finishing touches on the big show. Every thing will be ready for the early visitor Tuesday morning and judging from the inquiries being made from all over this region and the several thousand season tickets already sold there will be no lack of both early and late visitors during the entire week.

The program of entertainment for the week is exceptionally high class and will compare more than favorably with that of any of the really big fairs held in the central part of the state.

The horse racing will be a real feature for each day, more than one hundred high class steppers being housed at and near the park for the purpose of participating in the daily speed trials.

The stock and agricultural exhibits greatly exceed the very fine showing of last year while many additions and improvements have been made about the park.

Punctilious Elephant.

A little six year old boy was attending the circus accompanied by his soldier father. When they reached the elephant Edward was allowed to feed it peanuts. The elephant raised his trunk to his head and Edward said excitedly: "Look, daddy, he's saluting!"

Books

Some books are edifices to stand as they are built, some are hewn stones ready to form a part of future edifices, some are quarries from which stones are to be split for shaping and after use.—Holmes.

BIG COAL DEAL.

The Roberta Coal Company of Johnstown, Pa., recently closed a deal for the coal holdings of the Jacob Tame Institute of Baltimore, Md., and located generally in Chest and Burnside townships. The deed which specifies a consideration of \$300,000, was placed on record in Recorder Chase's office this morning.

Influence of Art.

Jud Tunkins says the moving pictures have shown so many different phases of life that he can't get a man to hoe corn who doesn't put on airs like an actor.

WILD LIFERS WILL MEET THURSDAY

The Clearfield County Branch of the Pennsylvania Wild Life League will meet in Clearfield on Thursday afternoon Sept. 30th and it is expected that every member of the organization will be present. The Clearfield county branch already numbers nearly 150 members and an effort will be made at this meeting to greatly increase the membership and all hunters, fishermen and lovers of the out of doors generally are requested to join at this time.

State Fish Commissioner Nathan R. Buller, of Harrisburg, will be present and will make a short address at the park in the afternoon and will also address the meeting of the organization to be held in the court house in the evening. Everybody is invited to attend the evening meeting in the court house whether a member of the Wild Life League or not.

NEW CHIEF OF POLICE

F. A. Hitt, of Philipsburg, arrived in Clearfield this morning and was sworn in as Chief of Police of Clearfield by Mayor John M. Chase. The new chief assumed his duties this afternoon.

Mr. Hitt was on the police force at Philipsburg the past year and made a good record for himself.

Try a Progress Want Ad.

COURT NOTES

Thomas Ryan, the Yegg, who was convicted of burglarizing the Falls Creek overall factory, was sentenced by Judge Bell on Thursday last to pay \$100 fine, the costs of prosecution and undergo imprisonment in the Western Penitentiary for a period of six years.

Sentence in the cases of Owen Nagle, convicted of perjury, and Joseph Stump, convicted of carrying concealed deadly weapons, was deferred until Monday, October 4th.

District Attorney Arnold filed a petition in the Prothonotary's office asking that the hotel license of Andrew Yovosky at Kellstown, be revoked, because it is alleged he has been selling liquor of an alcoholic content greater than one-half of one per cent. Judge Bell granted a rule returnable Monday, October 11th, at which time the petition will be acted upon by the Court.

Fred Weston, a well known DuBois citizen, is in attendance at Court this week.

CURWENSVILLE

A food sale was held in the vacant store room on State street by a bevy of lassies of the Presbyterian Sunday school Saturday night.

Mrs. Jennie Lewis and Mrs. Joanna Yocum, who reside in Columbia County, and who have been spending the past two weeks visiting with their sister, Mrs. J. C. Bloom, on South Pine street, left on Saturday morning to return to their respective homes.

Mrs. Merritt A. Caldwell, has been over in Huntingdon county for almost a week, paying her annual yearly visit to her parents. She will return home about the middle of the week.

Messrs. Bert Woodward and Merritt Caldwell motored to Williamsport the latter part of last week on a visit trip. They returned home on Friday, being accompanied by Archie Davidson, a former Curwensville resident.

Good-bye Corns!

**FIXES CORNS IN
10 MINUTES**

As soon as you apply CORN "FIX" to a tender, aching corn—the pain goes. In a few minutes the corn is loosened from the surrounding healthy flesh and you peel it right out, ROOTS AND ALL. No pain nor soreness remains. Slip on your shoe and walk with comfort. Bunions and callouses yield just as quickly.

Price 35c at all drug stores. Money refunded if you are not delighted with the result. Try it today AT OUR RISK and convince yourself. Manufactured and guaranteed by the CORN FIX CO., Inc., Newark, N. J.

"Makes Cooking Easy"

Saves One Half Your Time In Cooking

The Gold Medal Glenwood doubles cooking capacity, and promotes cooking efficiency to the highest degree.

There are two separate ovens—one for coal and one for gas. Both ovens may be used at one time—or either may be used singly. In addition to the two baking ovens, there is a gas broiler oven. There is room on the coal and gas sections, at the top, for NINE large utensils.

While bread is being baked in the coal oven, pastry may be baked in the gas oven, meat may be broiled in the broiling oven, and cereals and vegetables may be cooked on the top.

Where did you ever hear of greater capacity?

The Gold Medal Glenwood is efficient every day in the year. In the Winter, the coal section not only looks after the cooking, but it helps warm the kitchen. In the Summer, the gas section takes care of the cooking and keeps the kitchen cool.

Call and See Them and you will understand at once why a Glenwood Range "Makes Cooking Easy"

Glenwood

Leitzinger Brothers, Clearfield

You Can Listen to the Very Last Note

When you play a record on the Columbia Grafonola, you can listen at ease to the very last note. The Columbia *Non Set Automatic Stop* operates on any record, long or short. Built right into the motor. Invisible. Automatic. Nothing to move or set or measure. Just start the Grafonola, and it plays and stops itself.

The Columbia Tone Levers enable you to control tone volume with the utmost accuracy and ease. The Straight Tone Arm insures that the music will develop fully and naturally. You get from the Columbia Grafonola's reproductions exactly the music the artists themselves produced on the original wax of the records.

One glance at the Grafonola's Streamline Cabinet shows you that it is in artistic keeping with modern furniture design. And remember that the *Non Set Automatic Stop* is found

Exclusively on the

Columbia Grafonola

Standard Models up to \$300. Period Designs up to \$2100.

COLUMBIA GRAPHOPHONE COMPANY, New York

"Certainly, the clock is right!"

"Yes, I am *always* through washing by 9 o'clock, and I *never* start before seven or eight."

Sounds alluring, doesn't it? But she is just one of the 400,000 women in America who use the

Thor Electric Washing Machine

WITH ALL-METAL SAFETY SWINGING WRINGER

and the very great majority of them bought this wonderful household help by paying

\$10 DOWN

and the balance in small monthly payments—just as you can do

This amounts to less—yes, *less* than you would pay a laundress for one day a week—and you have a better laundress than you could ever hire—a laundress that works for you now and for a lifetime *always* on hand when wanted—no meals to get—no fussing. A good sized washing done in an hour—clothes washed *spotlessly* clean—and *much* less wear on them.

For 14 years THOR has been recognized as the WASHING MACHINE SUPREME. It is unqualifiedly guaranteed by the Hurley Machine Company and approved by Good Housekeeping Institute.

Rich Blood Secret Of Good Health

Here is a Suggestion Along that Line

This impoverished blood results in pale, sallow complexions, run-down anaemic conditions, and leaves one without strength, energy or ambition. Lots of people here think that the one great remedy for this condition is Vinol, that non-secret cod liver and iron tonic without oil, which with the beef peptones and glycerophosphates contained in it, acts very quickly in creating thousands of red corpuscles in the blood. It quickens the circulation, increases the appetite, aid digestion and in this natural manner creates strength, vitality and energy. Hundreds of people in this vicinity have testified to its value.

Just as She'd Finished.
Marjory (before getting into bed)—Mamma, I forgot something I wanted to say in my prayers. Shall I say P. S.?

—Boston Transcript.

A bright cheery day for wash day is dreary enough but when you start the day's washing with a dense fog outside--a fog of steam in your kitchen--a mammoth pile of soiled clothing staring you in the face--the rush and bustle of getting the kiddies off to school--the back-breaking task of getting that pile of dirty clothes cleaned looms up pretty big, doesn't it? You could have saved yourself all of this if you had called 60 on the phone and said "Have your wagon call." Clearfield Laundry

A. W. LEONARDSON COMPANY

Ancient Symbol.

The initials I. H. S., appearing on grave stones, in churches, etc., are the initial letters of the Latin phrase "Jesus Hominum Salvator," which means "Jesus the Savior of Man." This was originally written in Greek and was the first three letters of the name Jesus, but its origin was lost sight of through substituting the "S" for the Greek sign sigma. Then by mistaking the Greek H for the Latin H a significance was found for each letter.

Not Numerous, Anyway.

The quiet, secluded, inconspicuous life is not without its attractions amid the mad rush for prominence and fame, and we often wonder if, after all, those homes are not happier where the husband and father never lost his automobile by theft, the wife and mother never underwent an operation and the children still have their tonsils.—Ohio State Journal.

Ideal Married State.

Nothing much that is wrong can happen to the man who thinks he has married the prettiest girl in the world, so long as he keeps on thinking so.

Origin of Slang.

Slang originated from the gypsy tongue. It used to be a secret language of that race. It is by no means of modern date, being well known in the classic ages of Greece and Rome.

Seven Seas.

This term is usually employed as a figure of speech by writers when referring to the total water area of the globe. This item would therefore include the North Atlantic, South Atlantic, Arctic, Antarctic and Indian, and the Pacific, divided into North and South Pacific.

Inkstand Centuries Old.

An inkstand that was probably in use 3,000 years or more ago, has been acquired by the British museum. It is from Thebes, of Egyptian make, and is supposed to date from somewhere about 1500 B. C., although its real age can only be judged of approximately. It is made of wood, and has two compartments, an upper one provided with two holes, one for black and one for red ink, and a lower one for holding reed pens. The black and the red ink are certainlies, for some of the color still remains within the receptacles.

Dress for an Earthquake.

The earthquakes of California, recently reported, remind us of an old lady who, having gone through one, thus relates her experience: "My dear, I was simply tumbled out of bed and the ceiling cracked. I threw on a fur cloak and unconsciously pulled on one black suede glove, and when I got down to the hall and found all the other guests—my dear, I was the best dressed woman there."—Boston Transcript.

Exhaustion Was Mental.

The golfer who was employing him was playing very badly and the caddy threw himself down on the grass at one point and watched him. When the man had at last succeeded in getting his ball out of the bunker, he glanced toward the boy and remarked: "You must be tired, lying down at this time of day," after tired of carrying," said the caddy, "but I certainly am tired of counting."—Boston Transcript.

Turn Purple.

No woman is so color blind that she can't notice a rival turning green with envy.—Cartoons Magazine.

**You'll Enjoy the Fair
More With Your Feet
Dressed In "Crossett"**

MAKE LIFE'S WALK EASY

There's a Crossett Shoe for every foot—there's a style you'll like—there's a leather to meet your needs.

Then we have a fitting service that will enable you to drop in on your way to the grounds and wear the shoes you bought without the usual "breaking in."

We also want you to make this store your stopping place during the Fair.

A. MIRKIN
